

**INDEPENDENT.
NEUTRAL.
INNOVATIVE.**

Tested in Germany.

**TESTING &
CERTIFICATION**
of Protective Masks

WE PROVIDE SAFETY – INDEPENDENT & NEUTRAL.

Hohenstein
is a member of the
**Mask Association
Germany.** *

To bring your product safely & quickly to the market.

OUR OFFER:

- Testing and certification of FFP masks acc. to DIN EN 149 (incl. type examination acc. to PPE Regulation (EU) 2016/425)
- Testing of medical face masks acc. to DIN EN 14683
- Examination of biocompatibility, material properties, claims, storage stability and ageing

YOUR ADDED VALUE:

- Accredited testing partner and Notified Body for Personal Protective Equipment with more than 75 years of textile expertise
- Accredited testing laboratory for medical devices
- Pool of more than 1,600 models for testing of practical performance, leakage or fit

** We support the ‚Quality‘ working group and are also active in the DIN ‚Infection Protection Masks‘ standards committee. Common goal: Local production of masks!*
